legally, this carelessness is called "negligence," and the negligent party is responsible for any damage their
carelessness has brought about.

by understanding this, an organisation may then consider alternative options, such as merging or acquiring a
company that has the required capability.

radical islam is just the most recent brand of many successive pathologies, not necessarily any more embraced
by a billion people than hitlersquo;s nazism was characteristic of the entire west.

the negative reactions and then some i lost 6 lbs and 6 inches the first week even though i felt terrible,
