to the national total; almost twice Britain’s current total emissions. This post is fantastic.

Men aren’t slaves; they should not have any obligation to raise a “bastard” child or the one the wife gave birth to after cheating.

Your entire data set is outliers; most published titles will never be bestsellers, not top 100.

Some strikes have been disruptive but recent protests have been smaller than rallies of previous years.

We used to live in a small townhouse in a neighborhood called Morgandale; that’s when I first noticed my dad go through withdrawal.
